We figure differently. Labor, machinery, quality-with a very small in-troductory profit-that's all. These "Waltham" Machines are better in every particular than the so-called \$35 and \$50 Machines of others. The factory is bent on introducing them thoroughly into New York. That's why we can sell them just now for \$12.95. How long this good fortune will continue is a question.

Cabinet is SOLID OAK—not Golden Oak. Every working part is BALL HEARING—as easy running as a Waitham Watch, Frame is CARVED—not plain.
